PROSPECTUS.

OF THE

MONTEREY GAZETTE.

THE UNDERSIGNED proposes to publish in the city
of Monterey, a Weekly Newspaper, to be called the
MONTEREY GAZETTE.In a country where, above all others in the world, news-
papers constitute a necessary of life to the poor as well as
to the rich, it is needless to say that the interests of the peo-
ple, in the conduct of the interests of the city of
Monterey and of the Southern section of California demand
the establishment of a newspaper, and we devote our efforts
to the task, in the confident expectation that the intelli-
gence, enterprise, and business of the people will amply
sustain us.The Gazette is not designed as a party organ. It is
entirely independent of political parties, it will only treat
of political questions in reference to the public good, with
of descending in any case, or in the least degree, to partisan
or personal warfare.The Commercial and Trading interests of Monterey
and consequently of the entire section of California
will form a permanent subject in our columns. To busi-
ness men in general, we offer our services; and we will
spare no efforts to promote their prosperity and the well-
fare of the State, which we shall most specially
represent.Another leading object of the Gazette will be to develop
the Moral and Agricultural Resources of our young
and thriving State. Rich as are the mountains and riv-
ers with precious metals, we believe the valleys and
plains of California contain a mine of wealth still un-
explored and inexhaustible. On the agricultural im-
provement of our State, depend in a great degree its perma-
nent growth and lasting prosperity, and this important subject
we shall treat with special attention.The cause of Popular Education will also demand a
large share of our regard. The rising generation of the State
will be educated in the common schools of the country,
and must be qualified for this responsible and noble task
by a judicious and efficient system of Common School
education.Another prominent purpose of the Monterey Gazette
will be the promotion of good morals. In vain shall we
hope for continuing prosperity and order, as a community,
if the vicious vice prevails over virtue. The in-
fluence of good moral principles are invaluable of self-re-
formation, and traffic for the improvement of the State,
we shall not fail to expose and condemn.The particular interests of the city of Monterey, as
well as those of the State, shall be the subject of our
columns. We shall be prompt to record the doings of the
towns in Southern California, but as a member of the same
city, identified with them in the same common lot,
we shall be prompt to record the doings of the State,
the future depot of an extensive and profitable trade,
and its situation as a sea-port, imparts commercial advan-
tages which will render it, before many years, one of the
important maritime cities on the Pacific. The Gazette
will guard these great interests, and labor to advance them
by all practicable means.The Gazette will also present its readers with news
domestic and foreign, to the latest possible date. It
will contain the latest news from all parts of the world,
and will be published in the English, Spanish, and
Portuguese languages. The Gazette will be published
on or about the 15th of February, 1851.The subscription price will be \$5.00 per annum in
advance, payable in advance. The Gazette will be
published on or about the 15th of February, 1851.
Editor and Proprietor,
